## Dividend Forecast and Growth I nvestment

Dividend forecast

> Considering the business results for the 1st half as well as forecast for the full-year business, the interim dividend and year-end dividend forecast per share will be increased.
$>$ As accelerating product development, increase R\&D expenses (Previous plan $¥ 74.0$ billion $\rightarrow$ Revised plan $¥ 84.0$ billion)

Forward-looking statements including projections and future strategies mentioned in this presentation are based on currently available information and assumptions and are subject to risks and uncertainties.
Actual results may vary materially as a result of various factors including, without limitation, economic conditions, market demand and fluctuations in foreign exchange rates.
Investors are asked not to rely solely on the information in this presentation when they make their final investment decisions.

## Financial results for the 1st half of FYE March 2015

$>$ Due to healthy sales in overseas such as new LEGACY / OUTBACK launched in North America, consolidated automobile sales set an all-time records as 1st half.
$>$ In addition to increase in sales volume, gain on currency exchange and cost reduction brought all time record high in net sales and all profit levels for the 1st half.

## Projections for the FYE March 2015

$>$ Due to the healthy sales in North America and a depreciation of yen, business projections for the FYE March 2015 is upwardly-revised.
> Increase of sales volume by new models, such as LEGACY / OUTBACK and LEVORG, will offset increase of SG\&A expenses. Full year projections of net sales and all profit levels will be all time record high for the 3rd straight year.
