

**Extension of Production Adjustment at Manufacturing Facilities in Japan
(Information as of May 18, 2020, Japan time)**

As the global pandemic of COVID-19 is continuing to impact our supply chain and sales activities around the world, Subaru will extend the period of production adjustment at its Gunma Manufacturing Plant.*

Production adjustment at the following plants started on May 11 will be extended through June 19:

- Main Plant and Yajima Plant (Automobiles)
- Oizumi Plant (Engines and transmissions)

* Original schedule of production adjustment (May 11 - May 29) was announced in the news release dated April 27, 2020: https://www.subaru.co.jp/press/file/uploads/news-en/en2020_0427_8585.pdf
