Temporary Suspension of Production at Subaru's Manufacturing Facilities in Japan

Subaru Corporation will temporarily suspend production at its automobile manufacturing facilities in Japan due to interruptions in deliveries of certain parts using semiconductors.

Operations at the following plants in the Gunma Manufacturing Plant will be temporarily suspended:

- Automobile plants: Main Plant and Yajima Plant
- Engine and transmission plant: Oizumi Plant

Period:

January 15–16, 2021

The impact on the Company's consolidated financial performance is yet to be determined.

We will make further announcement if deemed necessary.

We apologize for any inconvenience this may cause to our customers and all other stakeholders.

This announcement is based on the information available at present.

The Company will update the information as necessary on [its website](#).
